

# MASTER OF ARTS IN BIBLICAL STUDIES (M.A.)

## Purpose

The Master of Arts in Biblical Studies program is designed to teach the Bible at a deep level of skill and to help students to gain a high level of understanding. This degree program requires a thesis that will serve the student well in preparing for doctoral studies related to the field. Graduates of the program will have a strong understanding of the Bible, biblical interpretation, and a foundational understanding of the biblical languages.

## Program Learning Outcomes

The student will be able to:

- Interpret biblical passages using advanced research skills and original biblical languages.
- Examine major critical issues in the Old and New Testaments of the Bible from a conservative evangelical perspective while exhibiting knowledge of the literature appropriate to the field of Biblical Studies.
- Apply insights from grammatical and syntactical knowledge to interpreting the text of Scripture.
- Create an original research thesis covering a current, Biblical Studies topic.

## Program Specific Admission Requirements

In addition to the general admission procedures, applicants to the **Master of Arts in Biblical Studies** program must meet the following requirements:
