

EVANGELISM & CHURCH PLANTING (EVCP)

EVCP 810 Biblical Foundations for Evangelistic Church Planting 3 Credit Hour(s)

Online Prerequisite: DMIN 810

This course is designed to develop a theology of the church from the biblical text in order to construct a foundation for church planting. Church planting must be principally examined from its biblical rather than its practical effectiveness. The first question is not whether church planting can be an effective evangelism tool within a community, but rather, is church planting a biblical concept? This course is designed to develop a theology of church planting from the foundation of Scripture.

EVCP 820 Missional Considerations for Evangelistic Church Planting 3 Credit Hour(s)

Online Prerequisite: DMIN 810

This course will guide the student to ask and find answers to healthy questions that should be asked prior to any church planting endeavor. Based on Matthew 13, Mark 4, and Luke 8, three primary considerations before starting a church plant within any community are: the sower (character of the man), the seed (communication of the message), and the soil (contextualization of the mission). This course will help the student understand the church planter and the church plant context within the framework of the Great Commission.
