

AUTISM EDUCATION CERTIFICATE

Purpose

The purpose of the non-licensure Certificate in Autism Education is to provide students with the foundational knowledge to support children who have been diagnosed with Autism. The program emphasizes educational theories, teaching pedagogy, and a biblical worldview. This non-licensure certificate is intended to better equip instructional assistants, paraprofessionals, teachers, and other school employees to serve students with Autism.

Program Learning Outcomes

The student will be able to:

- Identify the unique characteristics, instructional, and behavioral needs of students on the autism spectrum.
