

# ZOOLOGY MAJOR (B.S.)

---

## Purpose

The purpose of the Bachelor of Science in Zoology major is to prepare students for veterinary, medical, and related professional schools, graduate school, and employment involving animals. Students will make application of a biblical worldview in relation to the ethical care of animals while specializing in molecular or organismal biology.

## Program Learning Outcomes

The student will be able to:

- Apply standards and principles of safe practice in the laboratory or field environment.
- Understand ethical issues in the life sciences in light of a biblical/Christian worldview.
- Demonstrate knowledge of fundamental zoological concepts.
- Conduct, analyze, and summarize research related to zoological sciences.

## Programs of Study

### Delivery Format: Residential Only

- Zoology (B.S.) - Resident

## Career Opportunities

- College Professor/Researcher
- Physician
- Veterinarian
- Veterinary Technician
- Wildlife Biologist
- Zoo Curator
