

CHRISTIAN LEADERSHIP & MANAGEMENT MAJOR (B.S.)

Purpose

The Bachelor of Science in Christian Leadership and Management major prepares individuals for leadership positions within both the church and business settings. The degree maintains a balance of educating students in the principles of Christian leadership and basic business management and leadership skills. With an emphasis on training students in business, Christian leadership, and the Bible, this program seeks to prepare graduates for a wide variety of leadership roles.

Program Learning Outcomes

The student will be able to:

- Articulate and biblically justify essential truths of evangelical Christianity.
- Evaluate the development, foundations, and strategies of Christian leadership.

Business Management Concentration

The student will be able to:

- Demonstrate competence in core business principles and strategies.
