- Refer to the list of approved general education electives at www.liberty.edu/gened before enrolling in core competency requirements
- All students must pass the Computer Assessment OR complete applicable INFT course; refer to www.liberty.edu/computerassessment for more information
- Must be the same language
- Students will be required to obtain a double major or approved minor. Students who complete a double major must have 30 unique hours within the core of the second major
- Choose any 300-400 level GICE course not already required by the degree.
- These courses must be taken together, and must be taken during the spring semester typically in the Junior Year. No other courses may be taken during this semester unless approved by the GICE Program Director. All GICE majors should meet with the GICE Internship Staff during their first year to begin working towards their internship requirement. Failure to do so may result in delayed graduation
